

Spring/Summer 2010

# Congo Voyage 2010!

This August, six people will be traveling to Kamina, DRC. The purpose of the trip is to meet and spend time visiting with all of the children and foster families, to visit the sites of the Agricultural and Livestock Development Programs, and to distribute special gifts to needy community members, including widows. Team members will also participate in the monthly food and school supply distribution.

2009 School Supply Distribution

*Get involved today!*

- Write a letter to your sponsored child and send it to us ASAP.
- Buy and wear a bracelet for \$3.
- Please visit our website for more information and trip updates.
- Watch for us on local TV and in the newspapers.

## Program Updates

**Livestock Development**  
Contributions towards the Livestock Development Program have been rolling in. We have been able to purchase several goats for participating families, and look forward to expanding the

program. Recipients pledge to pass on their first goat offspring to other needy families. We want to offer a very big "Thank You!" for your generous donations!

### New Kids

Six new kids have now joined the COR program. They have been placed in foster homes, and some are still awaiting sponsorship. Call today if you'd like to help.

## Help our Unsponsored Children

---

We have a total of eleven children who are still waiting for sponsors. While we take measures to ensure that *all* of the children's needs are provided for by our organization, these children need special sponsors to provide for their needs, advocate for them, send them letters, pray for them, and hang their cute pictures on the refrigerator!

Even if you are already sponsoring one of the children in our program, please consider sponsoring one of these eleven. If you are not able, pass on the word to friends and family!

If you are interested in sponsoring one of the children pictured here, you may register online, by mail, email, or telephone.
